Itinerary day by day

Day 1, Airport Zagreb – Arrival

My wife and I, your guide, will welcome you at the airport in Zagreb, the capital of Croatia. Depending on your arrival time, you can do some sightseeing or go straight to the hotel. In the evening, we will enjoy the traditional welcome dinner and we can discuss the routes, bikes, etc.

Day 2, Zagreb – Istria, 160 miles (250 km)

We will first head northwest just to make you feel the spirit of Zagreb and Northern Croatia since we will not have other opportunities to visit it, as we will later head south, to warmer regions 😊. We will be passing through picturesque continental areas, stop for a coffee, take photos and create first impressions, all with the aim of reaching Istria on our first day in good spirits. Istria is our final destination for the day, and dinner.

Day 3 island Istria – island Pag – Zadar, 160 miles (250 km)

Whichever location we say goodbye to, it will be a difficult moment and it will be accompanied with many photos however, what lies ahead is worth the longer ride and a bit more difficult day. Though in my opinion, it is the most beautiful part of the trip for riding our motorcycles, enjoying the ride on the island of Pag and on the part of a famous motorcycle route which gets visited in large numbers by bikers from around the world. Zadar, one of the most beautiful cities in Croatia is our final destination for overnight and dinner.

Day 4, Zadar – Split, 160 miles (250 km)

Adventure day is ahead of us. Mountains, rivers, old monasteries, national parks with beautiful lakes… and everything to end the day in the old city Split. You have to see it, experience it 😊. Although we will spend our day riding through the continental part of this region, all the way to Split, with every kilometer of this route you will notice a constant change of scenery and nature. To be able to feel this charm of Dalmatia, words are almost not necessary. I will leave it to you which impressions you wish to share with us over dinner 😊.

Day 5, Split – Ston – Dubrovnik – Cavtat (or Dubrovnik region), 160 miles (250 km)

A day dedicated to Dubrovnik region 😊. It really needs no description. We will drive the entire time along the Adriatic coast, we will visit an oyster farm in the medieval town of Ston, and finally we will head towards Dubrovnik and Cavtat, where we will have an overnight stay and dinner. Some surprises will remain surprises. You'll just have to wait and see 😊

Day 6, day of rest in Dubrovnik city

The day of rest and day for unforgettable city Dubrovnik! No other word are needed 😊.

Day 7, Cavtat – Pelješac – Brač, 140 miles (220 km)

This is my favorite day…Pelješac, followed by a trip to the island of Brač. In Pelješac, we will take a tour of the wine yards, ride through an impressive landscape. We will take the ferry to island Brač. And why? You'll understand that the minute we arrive on the island of Brač. We will explore the bays of this beautiful island and treat ourselves with dinner in the evening in a beautiful hotel 😊.

Day 8, Brač – Plitvice lakes, 220 miles (350 km)

Plitvice lakes are one of the most famous national parks in this area. On that day, we will also use the highway to rich northern part. After getting off the highway, we will have to cross a mountain pass. A great day for riding 😊. Diner and overnight is in Plitvice lakes.

Day 9, Plitvice lakes – Zagreb, 100 miles (160 km)

Our last day on the road. But before leaving for Zagreb, and after breakfast, a visit to the national park is organized for you. It will take you two to three hours, however a special experience to see all these lakes and waterfalls… 😊

Day 10, breakfast in Zagreb, departure

Depending on the departure time, you will see how to spend time. Of course, your transfers to the airport will be arranged. We really hope you have enjoyed the trip. At the end of the day-trip, you will meet new people and learn about customs, and perhaps strike up a new friendship, or you will simply return home with some amazing photos… who knows 😊.

Yours Andrea & Robert!
